

Materials for Essential Pastels Course

Tuesday 1-3pm

Soft Pastels – There are some very reasonable sets of pastels available online i.e Inscribe - or you can buy individual colours at Hobbycraft or any art shop. I find Inscribe are a good price and quality. Squared pastels rather than rounded provide more versatility for mark making.

A3 medium surface cartridge pad – Jacksons Art Supplies (on Amazon) have a good all-purpose Winsor and Newton heavyweight sketching pad 220 gsm which is ideal but there are similar other makes which might be a little less expensive.

Pastel fixative – not to be used in the studio please.

Wet wipes – baby wipes are great as they don't dry your hands out too much.
